

REMARKS

The indication that claims 5-6, 9, 11, 14-17, 19 and 24 include patentable subject matter is acknowledged with thanks. In reliance thereon, claims 5-6, 9, 11, 15, 19 and 24 have been amended into independent form. Allowance of these amended claims is respectfully requested because they include subject matter indicated to be allowable.

New claim 26 depends from allowable claim 9 and includes subject matter from allowable claim 5. Consideration and allowance of claim 26 are respectfully requested.

Claims 1, 3, 7, 10, 12, 18, 20, 23 and 25 were rejected as anticipated by HAILE-MARIAM 2001/0000300 and claims 1 and 4 were rejected as anticipated by INOVA 6,247,815. Claims 8, 13, and 21 were rejected as unpatentable over HAILE-MARIAM and claims 2 and 22 were rejected as unpatentable over HAILE-MARIAM in view of SUNAGA 6,626,541. Claims 1-2, 7-8, 12-14, 18, 20, 23, and 25 have been canceled and claims 3, 10, 21 and 22 have been amended to depend from a claim indicated to be allowable.

Claim 4 has been amended into independent form and is believed to be allowable. Reconsideration and withdrawal of the rejection of claim 4 are respectfully requested. Amended claim 4 defines projection display system that includes a projector installation fixture for detachably mounting a projector on a side end of an upper surface panel of a table or desk, where the projector installation fixture is arranged to install the

projector such that at least a main projector unit thereof is positioned beneath an upper surface of the upper surface panel. This is illustrated, by way of example, in Figure 3C.

INOVA does not disclose a projector installation fixture for detachably mounting a projector on a side end of an upper surface panel of a table or desk. The projector is mounted below a desk, but is not detachably mounted on a side end of the desk. HAILE-MARIAM discloses a projector installation fixture for detachably mounting a projector on a side end of an upper surface panel of a table or desk, but there is no motivation in the references to modify this fixture so that the projector is mounted below the desk, nor is the cumbersome structure of the INOVA system amenable to the end mounting of HAILE-MARIAM. Accordingly, claim 4 is believed to be allowable.

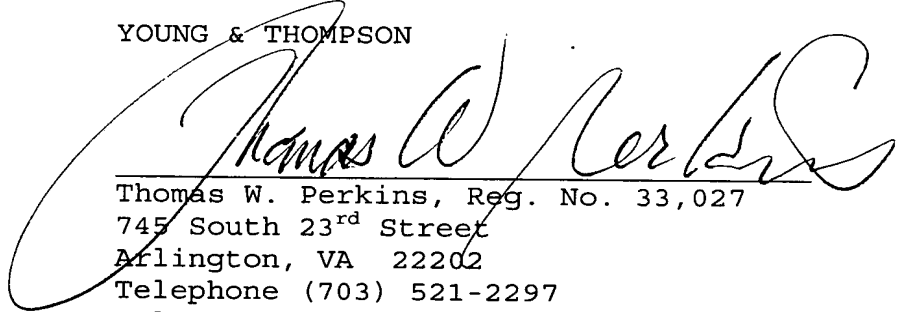

In view of the present amendment and the foregoing remarks, it is believed that the present application has been placed in condition for allowance. Reconsideration and allowance are respectfully requested.

Please charge the fee of \$1,000 for the five extra independent claims added herewith to Deposit Account No. 25-0120.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
